

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

"Your attention is called to the necessity of transmitting
"to this Department, at the earliest practicable date in the
"month of March, 1900, a statement of the unexpended

3. From Municipal Civil Service Commission, calling attention to certain rules; ordered printed in the minutes and placed on file.

MUNICIPAL CIVIL SERVICE COMMISSION }
OF THE CITY OF NEW YORK, }
LABOR BUREAU, }
NEW YORK, *February 2, 1900.* }

DEAR SIR: I desire to call your attention to the following extracts from the Municipal Civil Service Rules:

1. Within five days from the date of any transfer, promotion, suspension, resignation, death or removal of any person

holding a position in the service of the City, notice thereof shall be given in writing by the appointing officer to the Secretary, who shall keep a record of the same." (Second clause, Rule 32.)

2. "Whenever in any department or institution an office or position is abolished, or whenever the number of positions of a certain character is reduced, the person or persons legally holding the office, or filling the position, shall be entitled to reappointment to or reinstatement in the said position or office if it is thereafter within one year re-established under the same or any other designation." (Second clause, Rule 43.)

To carry into effect the above provisions you are called upon to observe the following requirements:

1st. Notice of all transfers, promotions, changes of title, deaths, removals, resignations, suspensions and layoffs must be forwarded to the Labor Bureau within five days, of all persons in Schedule "G", who are so affected.

2d. Persons removed, dismissed or laid off can only be reinstated in the order in which they were originally appointed.

3d. No new appointment may be made from any list until the persons entitled to reinstatement under their respective title have been reinstated in their regular order.

4th. For this purpose the names of all persons laid off, or dismissed without charges will be placed upon a preferred eligible list, and will remain thereon for one year from the date of their separation from the department and will be certified for reinstatement in the same manner as for new appointments.

Further. In order to meet the weather conditions usually existing during the winter months, during which period it is conceded that the out-door force in the various departments cannot be employed to the advantage of the service, it is suggested that the names of all persons comprising such force be carried upon the payrolls from December 1st to April 1st, with the entry "No Time", after the various names, and during that period the names of all persons so carried upon the payrolls will, for the purpose of this rule, be considered as being in the employ of the departments, and that on April 1st, of each year the names of all persons so entered upon the payrolls who have not at that time been actively engaged, must be reported upon, and must be either suspended or dismissed.

Respectfully yours,

F. A. SPENCER,
Labor Clerk.

DEAR SIR: At a meeting of the Committee on Buildings held on Monday last, the matter of the request from B. F. Funk, President of the National Prohibition Park Company, owners of the building known as the "Villa," leased for school purposes, that the City would pay the water rent, was again brought up for consideration and again laid over until a communication could be received from you.

May I therefore call your attention to my letter to you under date of January 24, 1900, giving the facts in this case, and asking for an opinion in the matter, which I think possibly may not have reached you. Copy is enclosed herewith.

Respectfully,

C. B. J. SNYDER,
Superintendent of School Buildings.

HON. JOHN T. BURKE,
President, School Board, Borough of Richmond.

DEAR SIR: Some time since a communication from B. F. Funk, President of the National Prohibition Park Co., owners of the building known as the "Villa" leased for school purposes, stating that, in view of the very low rental asked, he did not think the company should be required to pay the water rent; that as there was nothing said to this effect in the lease the presumption was that the City would pay all the current expenses, was presented to the Committee on Buildings and laid over until such time as a further communication could be received from Mr. Funk giving the rate charged for water supplied to the building in question, etc.

This information was submitted at the meeting held Monday, the rate being given as \$3.50 per month, the water service regulated by a meter.

Being familiar with the circumstances, what do you advise in this matter?

Respectfully,

C. B. J. SNYDER,

Superintendent of School Buildings.

Resolved, That the resolution adopted by this Board on January 25 last (minutes, page 634), accepting resignation of Miss Antoinette Cooper as teacher in Public School 8, to take effect January 1, 1900, be, and hereby is, rescinded and annulled.

Resolved, That the resignation of Miss Antoinette Cooper, teacher in Public School 8, be, and hereby is, accepted, to date from February 3d last.

Ayes—Messrs. ANDERSON, BARTON, BOTTGGER, EGBERT, FLANNIGAN, PERLET, VAUGHAN, The PRESIDENT—8.

Mr. PERLET presented the following :

To the School Board :

The Committee on Teachers reports that it has considered the following communications :

From Mrs. Alma H. de Belprat, dated January 28, 1900, making application for the first vacancy in French or German.

From Mrs. Alma H. de Belprat, dated February 8, 1900, requesting to be restored to duty as teacher in high school department of Public School 1, and salary for month of January.

From Walter K. Barton, attorney for Mrs. de Belprat, dated February 21, 1900, making similar request for reinstatement, and also for salary for January and February, and stating that, unless adjusted on or before March 2d, the matter would be taken to the courts.

The services of Mrs. de Belprat were dispensed with by the School Board from January 1st last, on account of insufficiency of appropriation, as shown by the Minutes of December 29, 1899, page 594. Nothing has occurred since that time to change the position of affairs so far as the finances of this Board

is concerned, notwithstanding the assertions of Mrs. de Belprat and her attorney to the contrary. It is therefore recommended that the following resolution be adopted:

Resolved, That the several requests of Mrs. Alma H. de Belprat to be restored to duty and for pay for the months of January and February, 1900, be and hereby are, denied.

Mr. PERLET presented the following:

To the School Board:

In pursuance of instructions of the Committee on Teachers, I hereby charge John Harmon, a teacher in the employ of the School Board for the Borough of Richmond, with gross misconduct while in the performance of his duty.

Specification 1. That on January 11, 1900, the said John Harmon, being at said time in charge of a class in Public School 21, was in an unfit condition to properly perform his duties.

Specification 2. That at said time and place, and by reason of his condition and conduct, the class so in his charge became disorganized, the pupils became excited, many leaving the classroom and school building.

All of which was prejudicial to the good order and discipline of the school and in violation of the rules and manual of this Board.

FRANK PERLET,
Chairman, Committee on Teachers.

By Mr. EGBERT, seconded by Mr. VAUGHAN :

SUPERINTENDENT'S REPORTS.

DEPARTMENT OF EDUCATION,	}
OFFICE OF THE	
BOROUGH BOARD OF SUPERINTENDENTS OF SCHOOLS,	
STAPLETON, N. Y., March 15, 1900.	

To the School Board:

In the matter of the Turn Hall, we have to report that Mr. Bergquist called upon the party in charge and asked for the use of the Hall for one hour after school on Friday afternoon.

He was told he could not have it; that we could make use of it only during school hours.

Our lease of the Turn Hall provides that we shall have the use of it and its appurtenances two days each week during the full term of the lease. It does not specify what days of the week, it simply says two days each week.

It is recommended that demand be made upon the Staten Island Turn Verein to have our two days named.

Under the terms of the lease we are entitled to the use of the Hall and its appurtenances during any and all hours of two days each week.

Respectfully submitted,

HUBBARD R. YETMAN,
Borough Superintendent of Schools.

That the premises of the Garretsons Bowling Club at Garretsons were leased for school purposes by the City for two months from September 15, 1899, pending alterations and repairs to Public School 11, at that place.

It was necessary to continue the use of the premises leased for one month longer than the term of the lease, to wit, until December 15, because the alterations to the school were not fully completed until about that date.

In order that the lessor may obtain rental for this additional month it is necessary that action should be taken, requesting the Board of Education to confirm the action of this Board in occupying the premises until December 15, 1899.

The following resolution is therefore offered :

Resolved, That the Board of Education be, and is hereby, requested to ratify and approve the action of this Board in occupying for school purposes the premises of the Garretsons Bowling Club for one month beyond the term specified in the lease.

(b) Relative to apportionment of General School Fund under Section 1065 of the Greater New York Charter, and relative to awarding contracts for supplying coal and wood to the Public Schools; ordered printed in the minutes and placed on file.

BOARD OF EDUCATION,
NEW YORK, *April 30, 1900.* }

FRANKLIN C. VITT, Esq.,
*Secretary, School Board,
Borough of Richmond.*

DEAR SIR: I have the honor to inform you that at the meeting of the Board of Education held on the 25th inst., the following reports and resolutions relating to the Borough of Richmond were adopted:

1. Relative to the apportionment of the General School Fund for the year 1900 (certified copy of same enclosed).

2. Awarding contracts for supplying coal to Public Schools in the Borough of Richmond for the year ending May 1, 1901, to William J. Quinlan; and for supplying wood to Public Schools in the same Borough to John. J. Wood.

Respectfully,
A. EMERSON PALMER,
Secretary, Board of Education.

To the Board of Education:

The Committee on Finance respectfully reports that there was submitted, for the purpose of information, to the several School Boards, on December 13, 1899 (Journal, pages 1470-1471), a statement of the proposed apportionment of the General School Fund for the year 1900, based upon statistical facts

furnished by the City Superintendent of Schools, and in accordance with Section 16, paragraph 3, of the By-Laws of the Board of Education, and Section 1065 of the Charter. The report as presented was laid over at the time and made a special order for consideration at the present session of the Board. On December 27, 1899, the action taken at the preceding meeting was reconsidered, and a resolution was adopted looking toward legislation on the subject.

It appears to this Committee that until Section 1065 of the Charter be repealed it is the duty of the Committee on Finance, subject to the approval of the Board of Education, per Section 16 of the By-Laws, "to apportion the General School Fund among the different Borough School Boards, and to file the record of such apportionment with the Comptroller."

As to the merits or demerits of the system of apportionment this Committee makes no comment, the matter under consideration being limited, so far as the Committee is concerned, to the execution of the duties placed upon it by law. It is understood that an arithmetical difference may occur, owing to a question raised in the Borough of Brooklyn as to the method employed in computing attendance at certain schools. The Committee would suggest the advisability of definite action of some kind in order to preclude any complications affecting payments from the General School Fund for the current month. With this statement in the premises, the following resolution is submitted for consideration:

Resolved, That, in pursuance of Section 1065 of The Greater New York Charter, the General School Fund for the year 1900, amounting in the aggregate to Twelve million twenty-eight thousand one hundred and twenty-five dollars and one cent (\$12,028,125.01), be, and the same is hereby, apportioned among the School Boards of the several Boroughs contained within The City of New York as follows:

Boroughs.	No. of Teachers.	Aggregate Attendance.	Apportionment. Teachers.	Attendance.	Total.
Manhattan and The Bronx.....	5,455	42,888,916	\$545,500 00	6,529,376 59	\$7,074,876 59
Brooklyn.....	3,530	24,318,391	353,000 00	3,706,534 80	4,059,534 80
Queens.....	727	3,798,568	72,700 00	578,204 03	650,904 03
Richmond.....	228	1,443,472	22,800 00	220,009 59	242,809 59
	9,940	72,394,347	\$994,000 00	\$11,034,125 01	\$12,028,125 01

A true copy of report and resolution adopted by the Board of Education on April 25, 1900.

A. EMERSON PALMER,

Secretary, Board of Education.

Mr. BURKE presented the following :

To the School Board :

GENTLEMEN: The Committee on Teachers has considered a preamble and resolution of the School Board for the Borough of

Queens, adopted April 3, 1900, transmitted in a communication from the Secretary of that Board, relative to the appointment of teachers resigning from that borough and seeking positions in other boroughs, as follows:

Whereas, The present financial condition of the General Fund for the Borough of Queens is and was such as to compel the reduction of salaries of all teachers in said Borough; and

Whereas, In consequence, some teachers in this Borough contemplate resignation and some have resigned to take positions in other Boroughs at higher salaries since the opening of schools in the Fall of 1899; therefore, be it

Resolved, That the Board of Education of the City of New York be, and they are hereby, respectfully requested to notify the several School Boards and the respective Boards of School Superintendents of The City of New York that caution and care be exercised in considering applications for nominations to positions in the teaching force during the School Year, in any of the Boroughs, of persons now employed as teachers in other Boroughs who may resign, or who have resigned, such re-employment tending to disorganize and disintegrate the plan and system of continuous work in schools, and operating also to the disadvantage of the scholars of this Borough. This School Board requests that notice be given to the Board of School Superintendents of all Boroughs that no nominations or appointments of teachers now employed in the Borough of Queens be made until after resignations of such teachers be accepted by this Board.

Inasmuch as this preamble and resolution requests action in the premises by the Board of Education of the City of New York, which Board referred the matter on April 11th last to its Committee on School System, your Committee recommends that the said preamble and resolution be placed on file.

JOHN T. BURKE,	} Committee on Teachers.

That Richard Sisk, janitor of Public School 13, died on April 11th last, and your Committee temporarily transferred Bernard Lane, one of the janitors of Public School 14, to the janitorship of No. 13.

By reason of this transfer the head janitor of No. 14 was left short-handed and obliged to hire extra help to properly clean the school.

The Committee has received a bill from Lawrence Dwyer, janitor of No. 14, for his disbursements in this behalf from April 11 to April 30, amounting to \$34.28, and believing the same to be reasonable, recommends that the bill be paid.

The following resolutions are therefore offered:

Resolved, That the Committee on Finance be, and is hereby, requested to approve the bill of Lawrence Dwyer, janitor of Public School 14, amounting to \$34.28, for expenses for extra help in cleaning said school, to be charged to the fund entitled "Salaries of Janitors in Public Schools."

Park Avenue and Fifty-ninth Street, City.*

DEAR SIRS: After a conference had this day with Mr. C. B. J. Snyder, Superintendent of Schools, your department, in relation to the matter of placing auxiliary boxes in the different buildings under your supervision, I would respectfully recommend that an auxiliarized box be placed in the cellar of all the old buildings; and, also, a box to be placed at each Principal's platform, and the present box to remain where it is now situated. Also, where there is no Principal, that an auxiliarized box be placed in the classroom where there is a cool-headed and responsible teacher.

I would also respectfully recommend to your favorable consideration that the fire-drill be enforced in the Schools of all the Boroughs of Greater New York, as I think they are an excellent thing in case of fire, and the school children of New York cannot be too well educated in this important branch of knowledge.

Trusting the above will receive your favorable consideration, I remain,

Yours respectfully,

EDW. F. CROKER,
Chief of Department.

Passed without the acceptance of the city.

Became a law, May 3, 1900, with the approval of the Governor. Passed, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows :

Section 1. Section ten hundred and sixty of chapter three hundred and seventy-eight of the laws of eighteen hundred and ninety-seven is hereby amended so as to read as follows :

§ 1060. All moneys raised for educational purposes in the city of New York shall be raised in two funds, to be known as the special school fund and the general school fund, respectively. The general school fund shall consist of all moneys raised for the payment of salaries of the borough and associate superintendents and all members of the supervising and teaching staff, throughout all boroughs, in conformity with section ten hundred and ninety-one of this act. The special school fund shall contain and embrace all moneys raised for educational purposes not comprised in the general school fund. It shall be the duty of the board of estimate and apportionment and of the municipal assembly to indicate in the budget in raising the special school fund the respective amounts thereof which shall be available for use in the territory within the jurisdiction of each of the school boards. The general school fund shall be raised in bulk, and

for the city at large, and shall be apportioned to the several boroughs by the board of education, as hereinafter provided. The board of education shall have power to take and to receive, and shall take and receive, all moneys appropriated or available for educational purposes in the city of New York, which moneys shall be paid over to said board by the comptroller on the request of said board from time to time in such sums as shall be required, and the auditor of said board shall transmit to the department of finance each month duplicate vouchers for the payment of all sums of money made on account of the department of education each month.

§ 2. Section ten hundred and sixty-four of chapter three hundred and seventy-eight of the laws of eighteen hundred and ninety-seven is hereby amended so as to read as follows :

§ 1064. The board of education shall represent the schools and the school system of the city of New York before the board of estimate and apportionment, and before the municipal assembly, in all matters of appropriations in the budget of the city for educational purposes, and in all other matters, and shall in general, be the representative of the school system of the city in its entirety. In the month of July in each year each school board shall transmit to the board of education an estimate in detail of the moneys needed for the purposes of the general school fund within the territory under its jurisdiction during the next succeeding calendar year. The board of education shall, thereupon, restate, rearrange, revise and verify such estimates, and shall have power, in its discretion, to amend or reduce the same, and thereupon shall submit, together with a written memorandum of any such amendment or reduction so made by the said board of education and the reason for making the same, an estimate for the entire school system of the city, to the board of estimate and apportionment, for its action. Any amendment to or reduction of the estimate of any school board which shall be made by the board of education shall not preclude the right of the board of estimate and apportionment, after a proper hearing, to restore to

its original form such estimate. The board of estimate and apportionment shall appropriate for the general school fund for the year nineteen hundred and one and, annually, for each year thereafter, an amount equivalent to not less than four mills on every dollar of assessed valuation of the real and personal estate in the city of New York, liable to taxation, inclusive of so much of the state school moneys apportioned by the superintendent of public instruction for the payment of teachers' wages as is actually paid into the said general school fund.

§ 3. Section ten hundred and sixty-five of chapter three hundred and seventy-eight of the laws of eighteen hundred and ninety-seven is hereby amended so as to read as follows :

§ 1065. The special school fund shall be administered by the board of education. The general school fund shall be administered by the respective school boards and in the month of December in each year shall be apportioned for the next succeeding calendar year by the board of education among the different school boards of the city as follows :

1. A distributive quota to each school board of six hundred dollars for every qualified teacher, or for successive qualified teachers, who shall have actually taught in the public schools under the charge of the board during a term of not less than thirty-two weeks of five successive days each, inclusive of legal holidays.

2. The remainder of such general school fund shall be apportioned among the said school boards by the said board of education in proportion to the aggregate number of days of attendance of the pupils of the public schools resident in the boroughs under their charge, between the ages of four and twenty-one years, at their respective schools, during the last preceding school year. The aggregate number of days of attendance of the pupils is to be ascertained from the records thereof kept by the teachers, as hereinafter prescribed, by adding together the whole number of days of attendance of each and every such

pupil in the schools under the charge of the respective school boards. One day of attendance shall be counted for every child who attends one full day or one full session, either forenoon or afternoon. Between the first and fifteenth days of January in each and every year, the board of education shall file a record of its apportionment of the general school fund with the comptroller.

§ 4. Section ten hundred and ninety-one of chapter three hundred and seventy-eight of the laws of eighteen hundred and ninety-seven is hereby amended so as to read as follows :

The board of education shall have power to adopt by-laws fixing the salaries of the borough and associate superintendents, and all members of the supervising and the teaching staff, and the salaries of all principals and teachers shall be regulated by merit, grade of class taught, length of service, experience in teaching, or by such a combination of these considerations as said board may deem proper. The board of examiners shall issue to a principal or teacher who has had experience in schools other than the high and training schools of the city of New York, or in any part thereof, previous to the enactment of the Greater New York charter, a certificate stating that the experience of such teacher is equivalent to a certain number of years of experience in the high and training schools of the said city. Such certificates made by the board of examiners shall be final and conclusive on all matters pertaining to experience therein stated, and shall entitle their holders to salaries in accordance with the

schedule of salaries established in conformity with this section, in like manner as though the years mentioned in such certificates had been served in those schools of the city of New York that are respectively mentioned in such certificates. No salary now paid to any member of the supervising and the teaching staff of any of the public schools in the city of New York shall be reduced by the operation of this section, and the aforesaid equal annual increment for each class or grade of the supervising and the teaching staff of said public schools shall be uniform throughout each class or grade, and each of said persons shall at once receive all the emolument in accordance with the above schedule of minimum salaries to which said person is entitled by reason of merit, of experience and of grade of class taught. The board of estimate and apportionment is hereby authorized and required to transfer to the general school fund, in addition to any other appropriation which may be available therefor, a sufficient sum of money from any of the unexpended balances, of any appropriations, for any of the departments of the city of New York, to provide the necessary funds for carrying into effect the provisions of this section, including such schedule of salaries for the day and evening schools as the board of education shall by its by-laws establish, for the calendar year nineteen hundred. In case such unexpended balances shall not be sufficient for such purpose, the board of estimate and apportionment is hereby authorized and required to direct the issue of revenue bonds sufficient to provide for any deficiency of funds that shall still exist, in order to carry into effect all the foregoing and following provisions of this section for the calendar year nineteen hundred. All members of the supervising and the teaching staff shall be entitled to and shall receive pay for the calendar year nineteen hundred in conformity with the provisions of this section precisely as though the section had been in effect on the first day of January, nineteen hundred, and, for such purpose, this section is hereby declared to be and shall be retroactive to and including the first day of January, nineteen hundred. Resolved, That the report of the Committee on Supplies be approved.

Adopted, on roll-call, by the following vote :

Ayes—MESSRS. ANDERSON, BARTON, BOTTGER, EGBERT, FLANNIGAN, PERLET, The PRESIDENT—7.

Mr. BARTON presented the following :

To the School Board :

The Committee on Supplies has received a request from several members of the Board to have the present inconvenient and uncomfortable arrangement of the Board's meeting room changed.

The ceiling of the room is $10\frac{1}{2}$ feet high, and the platform upon which this Board meets is raised $1\frac{1}{2}$ feet from the floor, thus leaving 9 feet between the platform and the ceiling.

The gas fixtures extend from the ceiling down over the platform about 3 feet ; and as the Board meets in the evening, the heat in winter from the radiators upon the platform, supplemented by that from the gas jets, is oppressive. In summer the heat upon the platform, from the gas, is almost stifling.

The Committee recommends that the platform and one of the radiators be removed, and the railing reset outside the iron col-

umns, as shown on the sketch herewith submitted, and that the floor space within the railing be carpeted.

The present arrangement of the rooms was made at the expense of the owners of the building, and they consent to the alteration proposed, provided it is done at the expense of the Department of Education.

The following resolution is therefore submitted :

Resolved, That the Board of Education of the City of New York be, and is hereby, requested to have the alterations made in the meeting room of this Board as shown on the sketch attached to this report, and to have the floor space laid with a suitable carpet.

DEPARTMENT OF EDUCATION,
OFFICE OF THE
BOROUGH BOARD OF SUPERINTENDENTS OF SCHOOLS,
STAPLETON, N. Y., *June 7, 1900.* }

To the School Board :

GENTLEMEN: We have inspected every school in the Borough and every classroom in every school, excepting Public School 14 and Public School 20.

Our first inspections were made two years ago, and were confined to those schools in which conditions existed which required immediate attention.

Last year circumstances over which we had no control made it impossible for us to inspect at the time of the year when such inspections seem to be in order.

Generally speaking, we find the Schools of the Borough far in advance of the position they occupied two years ago.

The Course of Study has made the work of graded schools uniform throughout the Borough, and our Associates have aided in the introduction of similar methods of instruction.

The Ward method is being used with marked success, with very few exceptions, throughout the Borough. Schools that sent few or no candidates for Regents' Examinations last year have sent large and successful classes this year. The few weak places that were discovered are being strengthened by our Associates, and we have no hesitancy in saying that the elementary schools

of the Borough of Richmond are in a stronger condition and doing more thorough work to-day than they ever were before.

The High Schools, while laboring under adverse conditions, are doing good work.

It is recommended that the Borough Board pass a resolution asking the Central Board to direct the Superintendent of School Buildings to prepare plans and specifications forthwith for the new High School Building.

Respectfully submitted,

HUBBARD R. YETMAN,

Borough Superintendent of Schools.

2. From Hon. Bird S. Coler, Comptroller, relative to departmental estimates for 1901; ordered printed in the minutes and referred to the Committee on Finance.

DEPARTMENTAL ESTIMATES FOR THE YEAR 1901.

(CITY DEPARTMENTS.)

CITY OF NEW YORK—DEPARTMENT OF FINANCE, }
COMPTROLLER'S OFFICE, }
July 2, 1900. }

To HON. WILLIAM J. COLE,
President, School Board,
Borough of Richmond:

At a meeting of the Board of Estimate and Apportionment, held on June 27, 1900, the following resolution was adopted:

Whereas, Section 226 of the Greater New York Charter contains the following provisions of law:

“The Mayor, Comptroller, Corporation Counsel, President of the Council, and the President of the Department of Taxes and Assessments, shall constitute the Board of Estimate and Apportionment.”

“The said Board shall annually, between the first day of October and the first day of November, meet, and by the affirmative vote of all the members make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of The City of New York, as constituted by this act, for the then next ensuing year.”

“Such budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, bureau, office, board, or commission as the said Board of Estimate and Apportionment shall deem advisable.”

“In order to enable said Board to make such budget, the heads of departments, bureaus, offices, boards and commissions shall, at least thirty days before the said budget is hereby re-

“quired to be made, send to the Board of Estimate and Apportionment an estimate in writing, herein called a Departmental Estimate, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, bureaus, offices, boards and commissions, including a statement of each of the salaries of their officers, clerks, employees, and subordinates.”

“ Duplicates of these Departmental Estimates and statements shall be sent at the same time to the Municipal Assembly.”

Resolved, That the Comptroller request the heads of departments, bureaus, offices, boards and Commissions of The City of New York and of the counties of New York, Kings, Queens and Richmond, and the officers of institutions entitled by law to receive money from the City Treasury, or to incur expenditures payable therefrom, to send their estimates of expenditure for the year 1901, in conformity with the foregoing provisions of law, in triplicate: one copy to the Mayor as Chairman of the Board of Estimate and Apportionment; one copy to the Comptroller; and one copy to the Municipal Assembly, on or before September, 4, 1900.

The Departmental Estimate should state specifically the objects and purposes of all the appropriations required to pay the expenses of conducting the public business of your Department in and for the year 1901. The amount required should be specified for each item of expense, including the salaries paid all officers, clerks and subordinates employed, according to the last pay-roll of the Department, giving the names and official titles of the several persons receiving such salaries, respectively, in accordance with the above-cited provisions of law.

In a parallel column there should be stated in corresponding detail the amounts of each of such salaries proposed to be paid during the ensuing year, so that positions to be abolished, new positions, increases and decreases of salaries, will plainly appear.

Full explanations should accompany the estimates, stating the reasons for any increase or decrease in the amounts, as compared with the appropriations made for 1900, with references to the provisions of law authorizing the amounts of salaries and appropriations of specific sums for special objects and purposes, where such special provisions exist.

A separate comparative statement, in tabular form, showing in one column the amounts of all appropriations made to your Department for the year 1900 for different objects and purposes, with additions and deductions therefrom for any transfers which

may have been made from one appropriation to another ; and showing, in another column, the amounts of appropriations asked for in your Departmental Estimate for the year 1901, is required to be appended to the Departmental Estimate.

You are requested also to state the amount which may probably remain unexpended of any appropriations for 1900 at the end of the year.

Every item of expense not absolutely necessary for conducting the public business should be excluded, and every item included in the estimates should be reduced to the lowest amount of expenditure consistent with efficient service, in order to secure the utmost economy in the administration of city affairs and make the burden of taxation as light as possible. Your co-operation with the Board of Estimate and Apportionment in accomplishing these important objects is earnestly requested.

Your attention is directed to the date latest fixed for Departmental Estimates to be sent to the Board of Estimate and Apportionment, *September 4, 1900*. The Board has been much embarrassed in past years by the failure of certain departments and officers to furnish their estimates in time to have them printed.

It is requested, therefore, that you send in your estimate promptly, in order that it may be duly considered, and proper provision made for every branch and object of expenditure within the jurisdiction of your Department.

Respectfully,

BIRD S. COLER,
Comptroller.

1. From Hon. MILES M. O'BRIEN, President, Board of Education, relative to departmental estimates for year 1901; ordered printed in the minutes and referred to Committee on Finance.

DEPARTMENT OF EDUCATION,, CITY OF NEW YORK. }
BOARD OF EDUCATION, }
PARK AVENUE AND FIFTY-NINTH STREET, }
NEW YORK, *July 21, 1900.* }

Mr. FRANKLIN C. VITT,

Secretary, School Board, Borough of Richmond.

DEAR SIR: In a few days you will receive from the City Superintendent a statement regarding every teacher in the Borough of Richmond, showing the schedule of salaries under

which he or she is to be paid, the salary year on May 3, 1900, and the month on the first day of which the annual increase becomes due. In order that there may be as little delay as possible in making up the necessary budgets for the Board of Estimate and Apportionment, I would suggest that you figure out at the same time the amount of increase due to each teacher under the Davis Law from May 3 to December 31, 1900, as well as the total amount required to pay each member of the teaching force for the year 1901. You should also prepare a statement of the amount due each teacher from January 1 to May 2, 1900, under the Davis Law, for use in case the retroactive feature of the said law is declared constitutional.

The statements required are as follows:

1. Increase under the Davis Law from January 1 to May 2, 1900.
2. Increase under the Davis Law from May 3 to December 31, 1900.
3. Whole budget for 1901.

All statements should be prepared by schools.

I need scarcely add that as much expedition as possible should be used in preparing these statements, as, owing to circumstances beyond control, we are already late in preparing the budgets for the Board of Estimate and Apportionment.

Truly yours,

MILES M. O'BRIEN.

President, Board of Education.

NEW YORK, July 25, 1900.

FRANKLIN C. VITT, Esq.,

Secretary, School Board for the Borough of Richmond.

DEAR SIR: Your attention is hereby called to the Minutes of the Board of Education of July 9, 1900 (pages 779-781) relative to the preparation of the Departmental Estimates for the year 1901 (a copy of the Minutes referred to is enclosed herewith).

In furnishing your estimate of the amounts required for the purposes of the General School Fund, as per Section 1064 of the Greater New York Charter, as amended by Chapter 751 of the Laws of 1900, you will be kind enough to make it up in detail

JULY 30, 1900

as is required by the Board of Estimate and Apportionment,—that is to say, the following information should be given: The names of teachers, the dates of appointments, the positions, the changes in salaries occurring during the year 1901, and the net increases in salaries in each case.

Very truly yours,

MILES M. O'BRIEN,

President, Board of Education.

NEW YORK, July 26, 1900.

FRANKLIN C. VITT,

Secretary of the School Board for the Borough of Richmond.

DEAR SIR: In connection with the preparation of the Budget I would call your attention to the enclosed copy of resolution adopted by the Board of Estimate and Apportionment on July 24, 1900, and the correspondence accompanying the same, held between the Comptroller and myself.

I earnestly request that you carry out the wishes of the Board of Estimate and Apportionment as indicated in my letter to you of the 25th inst., and referred to in the enclosed correspondence.

Very truly yours,

MILES M. O'BRIEN,

President, Board of Education.

Enclosures.

Resolved, That the Secretary of the Board of Estimate and Apportionment inform the Board of Education that the Board of Estimate and Apportionment approves of the communication of the Comptroller dated July 18, 1900, addressed to the President of the Board of Education, in regard to the manner in which the Departmental Estimate of the Department of Education should be submitted for the year 1901.

A true copy of resolution adopted by the Board of Estimate and Apportionment, July 24, 1900.

CHAS. V. ADEE,

Clerk.

BOARD OF EDUCATION,
July 16, 1900. }

HON. BIRD S. COLER,
Comptroller.

DEAR SIR: Section 1064 of the Greater New York Charter, as amended by Chapter 751 of the Laws of 1900, relative to the preparation of estimates, provides that the Board of Estimate and Apportionment shall appropriate for the General School Fund for the year 1901, and annually for each year thereafter, an amount equivalent to not less than four mills on every dollar of assessed valuation of the real and personal estate in the City of New York liable to taxation.

I write for the purpose of asking if the estimates of the amounts required in the General School Fund for the payment of salaries of the Borough and Associate Superintendents and all members of the supervising and teaching staff falls below the amount that the Board of Estimate would allow, based upon the four mills provision of Section 1064, will the Board of Estimate and Apportionment require the details of the estimated amount required for the General School Fund? In this connection I would respectfully call your attention to the cost of the preparation of an estimate in detail of this kind, as there are more than ten thousand teachers alone in the City of New York, and all of their salaries, with hardly an exception, will be changed by the operation of the Davis Law. Additional help would have to be employed to prepare this estimate, and the cost of printing the names, positions, salaries and salary changes of all the teachers in the system would reach a very considerable sum.

The favor of an early reply would very greatly oblige,

Yours very truly,

(Signed) MILES M. O'BRIEN,
President, Board of Education.

July 18, 1900.

HON. MILES M. O'BRIEN,
President, Board of Education.

DEAR SIR: I acknowledge receipt of your letter of the 16th instant, in which you state that you write for the purpose of asking, "if the estimates of the amounts required in the General School Fund for the payment of salaries of the Borough and Associate Superintendents and all members of the supervising

and teaching staff fall below the amount that the Board of Estimate would allow, based upon the four mills provision of Section 1064, will the Board of Estimate and Apportionment require the details of the estimated amount required for the General School Fund?"

The question you ask is one which should more properly be answered by the Board of Estimate and Apportionment than by the Comptroller alone, and I will present your letter to the Board of Estimate and Apportionment at its next meeting.

In the meantime, however, it may not be improper for me to indicate the views which I hold personally on this subject.

It seems to me that due compliance with Section 1064 of the Charter cannot be had unless a detailed estimate is submitted to the Board of Estimate and Apportionment.

Under the provisions of this Section each school board is required to transmit during the month of July "an estimate *in detail*" of the amounts needed for the purposes of the General School Fund, etc. The Board of Education is thereupon empowered to revise such estimates, but it is expressly stated that such revision "shall not preclude the right of the Board of Estimate and Apportionment after a proper hearing to restore to its original form such estimate."

I do not see how the Board of Estimate and Apportionment can act intelligently in this matter unless they have the original detailed estimates of the various school boards before them.

I note the statement contained in your letter that a detailed statement of the names and salaries of more than 10,000 teachers would require considerable labor and expense in the way of printing, etc., but this, of course, constitutes no valid reason why the law should not be complied with.

Furthermore, I call your attention to the provisions of the so-called Fallows Act of 1900, being Chapter 615, which states that "there shall be published in the *City Record* within the month of January and within the month of July in each year a list of all the officials and employees employed in any of the departments, bureaus or offices of the City government, and of the counties therein contained, who have been or have become such officials or employees during the preceeding six months. Said lists shall contain the name, residence by street numbers, nature of position or service, date of entrance into the service or employment, date of cessation of such service or employment, if such has occurred during said period, salary or wages, and a distinct statement of the increase or decrease thereof during said period of each of said officials or employees."

In view of the fact that these requirements of the law apply to the Department of Education as well as to the other departments of the city government, it would not seem that the cost of printing a detailed list of names of teachers, etc., will be materially increased by submitting a departmental estimate to the Board of Estimate and Apportionment with at least as much detail as has been heretofore the rule.

Very truly yours,

BIRD S. COLER,
Comptroller.

REPORTS OF SPECIAL COMMITTEES.

To the School Board:

The Special Committee appointed for the purpose of reporting a plan for the consolidation of the High School Departments of Public Schools Nos. 1, 14 and 20, respectfully reports: That, in conjunction with the Borough Superintendent of Schools, it has considered the matter thoroughly, and while we all agree that consolidation of the High School Departments would place our teachers in a position to more effectually follow the lines of the course of study, and the pupils in line for more thorough instruction in all the subjects, yet there seems to be no opportunity just at present for a consolidation such as is most desirable.

In reference to courses of study, the regular High School course of four years is in line with the Regents' rules, and cannot be changed. We have a two-years' commercial course, which includes typewriting and stenography, and last year all preparations were made to form classes in Public Schools 14 and 20 under that course, but the unfortunate circumstances that reduced our funds made it impossible for us to form classes in the commercial course.

The demand for a shorter course is met in the commercial course, and as soon as conditions change so that we may employ the necessary teachers there will no longer be a need for changing the course of study.

If it is possible, the commercial course will be started in September.

SALARY SCHEDULES.

REPORT OF JOINT COMMITTEE ON FINANCE AND BY-LAWS
AND LEGISLATION, ADOPTED BY THE BOARD OF
EDUCATION OF THE CITY OF NEW YORK,
JULY 16, 1900.

The Joint Committee on Finance and By-Laws and Legislation, to which was referred the matter of formulating a schedule of salaries applicable to the supervising and teaching staff throughout The City of New York, and also to formulate by-laws relating thereto, respectfully reports as follows:

By the provisions of Chapter 751 of the Laws of 1900 (Section 1091), the Board of Education is empowered to adopt by-laws fixing the salaries of the Borough and Associate Superintendents and all members of the supervising and teaching staff. Such by-laws shall establish a uniform schedule of salaries for the supervising and teaching staff throughout all Boroughs.

The said section provides for certain salaries, the payment of which is made mandatory, and in accordance therewith your Committee has adopted such. These mandatory salaries apply to all principals and teachers, excepting principals having charge of less than twelve classes, special teachers and supervisors, principals and teachers of evening schools and of vacation

schools, and your Committee has formulated a schedule applicable to these latter classes.

The said section also provides that "all members of the supervising and teaching staff shall be entitled to and shall receive pay for the calendar year nineteen hundred, in conformity with the provisions of this section, precisely as though the section had been in effect on the first day of January, 1900, and for such purpose this section is hereby declared to be, and shall be, retroactive to and including the first day of January, 1900." It also provides that "each of said persons shall at once receive all the emoluments in accordance with the above schedule of minimum salaries."

This act having become a law of this State, your Committee recognizes that it is the duty of this Board to fully carry out its provisions. If, however, any of its provisions are in conflict with the Constitution of this State, it also believes that it would be derelict in its duty if such fact were overlooked, or knowing, or having reasonable cause to believe that such fact exists, it failed to take cognizance thereof.

Your Committee is aware that the final determination of this question should be left to the courts; but considering the serious consequences that would result if it recommended the payment of the salaries herein provided for from January 1, 1900, in the expenditure of a very large sum of money, which might hereafter be declared illegal, and considering that a very serious doubt exists as to the legality of the provisions of the act above quoted as in conflict with Section 52 of Article III of the Constitution of the State of New York, which provides "that the Legislature shall not * * * grant any extra compensation to any public officer, servant, agent or contractor," it has arrived at the conclusion that the interests of the teachers would be best subserved by recommending the payment of the salaries herein provided from May 3, 1900, the date of the passage of the act, so far as it affects those persons coming within its provisions, without prejudice to their rights to the intermediate salary from January 1, 1900, to May 3, 1900, whenever the provision in question shall be declared legal. By this means your Committee believes that there will be avoided the non-payment of any salary whatever under the act in question, which otherwise might happen.

Resolved, That the following shall constitute Section 74 of the By-Laws of the Board of Education, and that the salaries set forth in the accompanying schedules shall be the salaries of the supervising and teaching force of all the Boroughs

of The City of New York, and that the same, so far as they affect those coming within the provisions of Chapter 751 of the Laws of 1900, shall go into effect as of May 3, 1900, and as to all other persons on September 1, 1900, without prejudice to the claims of any person to any salary that may be affected by the said act from January 1, 1900, to May 3, 1900 :

COMMUNICATIONS.

1. From Secretary, Board of Education, relative to the erection of new buildings and school sites to be acquired during the year 1901; ordered printed in the minutes.

BOARD OF EDUCATION,)
NEW YORK, August 3, 1900. {

FRANKLIN C. VITT, Esq.,
*Secretary, School Board,
Borough of Richmond.*

DEAR SIR: Enclosed herewith please find certified copy of report and resolutions adopted by the Board of Education on August 1, 1900, requesting the School Boards to furnish the Board of Education, at as early a date as possible in the month of September next, with information as to sites to be acquired during the year 1901, etc.

Respectfully,
A. E. PALMER,
Secretary, Board of Education.

The Committee on Sites respectfully reports that it has considered the matter of providing for the acquisition of sites for the new school buildings, etc., which will be required during the year 1901. Inasmuch as it will be necessary for the Board of Estimate and Apportionment, in preparing the budget for 1901, to provide for the payment of interest on the necessary bonds, the Committee is of the opinion that as full information as practicable in this matter should be supplied by the School Boards, which are familiar with the needs of the several boroughs.

The following resolutions are submitted for adoption :

Resolved, That the several School Boards be, and they are hereby, requested to furnish the Board of Education, at as early a date as possible in the month of September next, with information as to sites which it will be necessary to acquire in the year 1901 for erecting new school buildings, etc., showing the sections in which new buildings are required, the approximate value of the sites needed, and the order in which such sites should be acquired, with such

other information bearing upon the subject as may be available.

Resolved, That the Secretary transmit copies of the foregoing resolution to the several School Boards at once.

A true copy of report and resolution adopted by the Board of Education on August 1, 1900.

A. E. PALMER,
Secretary, Board of Education.

2. From Auditor, Board of Education, relative to certain statistics for the apportionment of excise moneys to the public school teachers' retirement fund; ordered printed in the minutes and referred to the Committee on Finance.

BOARD OF EDUCATION, }
NEW YORK, *August 1, 1900.* }

FRANKLIN C. VITT, ESQ.,

Secretary, School Board for the Borough of Richmond,
Savings Bank Building, Stapleton, S. I.

DEAR SIR: The Finance Committee has had under consideration the matter of apportionment among the several boroughs of the excise moneys applying to the Public School Teachers' Retirement Fund. The opinion of the Corporation Counsel has been obtained in this connection, special reference to which I would cite on pages 604 to 607 of the minutes of this Board for the current year. After persuing said opinion, you will appreciate the fact that some difficulty exists in connection with the apportionment of the excise moneys for the year 1898, by reason of the absence of information or statistics upon which to make such apportionment. Will you therefore officially transmit the following information:

(1) As to the year 1898—the number of teachers employed during the school year ending July 31, 1898.

(2) The number of teachers employed during the school year ending July 31, 1899, together with the amount of money expended for teachers' salaries during the same period.

Owing to the absence of information in the Boroughs of Queens and Richmond as to the amount of money paid to teachers during the school year ending July 31, 1898, it is

deemed impracticable to attempt to apportion the excise moneys for that year on any other basis than the number of teachers.

Will you kindly give the matter your immediate attention, and oblige,

Yours truly,

HENRY R. M. COOK,

Auditor of the Board of Education.

REPORTS OF STANDING COMMITTEES.

Mr. EGBERT presented the following:

To the School Board:

The Committee on Finance, to which was referred the communication of the Committee on Finance of the Board of Education, relative to the estimates for the General School Fund for 1901 applicable to the Borough of Richmond, and the several communications from the Hon. Miles M. O'Brien, President of the Board of Education, relative to said estimates for 1901, and as to the amounts required to pay increases in salaries of the teaching staff for the year 1900 under Chapter 751, Laws of 1900 (Davis Law), respectfully reports the following estimates:

GENERAL SCHOOL FUND, 1901.

Salaries of Borough and Associate Superintendent,	\$10,600 00
Salaries of supervising and teaching staff,	290,665 85
Total,	\$301,265 85

INCREASES IN SALARIES, CHAPTER 751, LAWS OF 1900:

For amounts required to pay supervising and teaching staff, as follows:

From January 1st to May 2nd, 1900,	\$21,494 34
From May 3rd to December 31st, 1900,	46,239 95
Total,	\$67,734 29

Your Committee submits also an estimate of the amounts required for the year 1901 for the items specified below, which were heretofore a part of the General School Fund, but, under the Davis Law, become a part of the moneys to be raised in the Special School Fund, to wit:

Salaries of officers, clerks and other employees,	\$11,500 00
Salaries of janitors,	28,040 00
Compulsory Education,	9,920 00
Lectures,	1,800 00
Total,	\$51,260 00

The itemized statements showing in detail the foregoing several amounts accompany this report.

The following resolutions are submitted for adoption :

Resolved, That the foregoing estimates of the moneys required for the General School Fund for 1901 and to pay increases in the salaries of the supervising and teaching staff for 1900 under the provisions of Chapter 751, Laws of 1900 ; and also the estimate of the moneys required for the several items above specified, heretofore a part of the General School Fund, but now to be raised in the Special School Fund for 1901, be, and hereby are, severally approved, and the Secretary is directed to transmit a certified copy hereof, together with the detailed statements mentioned, to the Board of Education of The City of New York.

Resolved, That the Board of Education be, and is, respectfully requested to insert in the estimate for the Special School Fund for 1901 the several items above set forth for salaries of officers, clerks and other employees, janitors, compulsory education and lectures.

GEO. T. EGBERT,
SAM'L ANDERSON,
WILLIS BARTON,
Committee on Finance.

By Mr. FLANNIGAN, seconded by Mr. BOTTGER :

Resolved, That the report of the Committee on Finance be, and is approved, and the resolutions therein contained be adopted.

Adopted, on roll call, by the following vote :

Ayes—MESSRS. ANDERSON, BARTON, BOTTGER, EGBERT, FLANNIGAN, PERLET, The PRESIDENT—7.

Mr. PERLET presented the following:

To the School Board:

The Committee on Teachers respectfully reports upon the request of Sheldon J. Pardee to correct his record upon the books of the School Board by giving him credit for six years of service while City Superintendent of Schools of Long Island City, from July 1, 1887, to June 30, 1893, as follows:

Under Chapter 417 of the Laws of 1899 (Ahearn Law) it was contended that this service should count in determining his length of service as Principal of a school. This question was referred to the Corporation Counsel for his opinion, who decided adversely to the contention made, and for that reason the service as City Superintendent above mentioned was omitted from the record.

That Mr. Pardee may receive any benefit that the official record of this Board may entitle him to under Chapter 751 of the Laws of 1900 (Davis Law), by noting this service as City Superintendent of Schools of Long Island City, your Committee recommends the adoption of the following:

Resolved, That the record of teachers of this School Board be, and hereby is, amended in respect to Sheldon J. Pardee by adding thereto his service as City Superintendent of Schools of Long Island City from July 1, 1887, to June 30, 1893.

COMMUNICATIONS.

1. From President of the Board of Education, enclosing request from President of the Board of Trustees and Superintendent of Public Schools of Galveston, Texas, for aid in restoring and repairing public schools wrecked or destroyed by the storm of September 8th, 1900; ordered printed in the minutes.

BOARD OF EDUCATION,
PARK AVENUE AND FIFTY-NINTH STREET, }
NEW YORK, October 11, 1900.

HON. WILLIAM J. COLE,

*President, School Board for the
Borough of Richmond:*

DEAR SIR: Enclosed herewith please find copy of a communication addressed to City Superintendent Maxwell, signed by M. E. Kleberg, President of the Board of Trustees of the Public Schools of Galveston, Texas, and John W. Hopkins, Superin-

tendent of Public Schools in Galveston, requesting the school children of New York City to aid in restoring and repairing the Galveston Public Schools which were wrecked or destroyed by the storm of September 8, 1900. Said communication was considered at a meeting of the Board of Education held last evening, and a motion was adopted that it be referred by the President to the several School Boards, with a request that they take such action as they may deem proper, relative to the same.

Will you kindly bring this matter to the attention of your School Board at the earliest opportunity?

Very truly yours,

MILES M. O'BRIEN,
President, Board of Education.

"GALVESTON, TEXAS, Sept. 28, 1900.

"SUPT. WM. H. MAXWELL,
New York City.

"DEAR SIR: On behalf of the School Children of Galveston we appeal to the School Children of your city to aid in restoring and repairing our Public School buildings—all of which were wrecked or destroyed by the storm of September 8th. The city of Galveston is not able to restore and repair its schoolhouses, nor are our citizens able to aid, because the destruction of property is so great and so general. We can expect nothing from our city for this purpose or for the maintenance of the schools after they are restored. Our scholastic population was 6,714. We are without a habitable school room and the means of maintaining our schools for the current year.

"Will you not give the children of your Public Schools an opportunity to help the surviving children in the Galveston Public Schools, that they may not be deprived of the means of continuing their education this year?

"Money sent to George Sealy, Treasurer of the Galveston Board of Public Schools, will be used to repair and restore schools.

"The architect's estimate to repair the houses standing is \$48,000. This by no means represents the loss to the schools, but it does represent what is necessary to house the remaining Public School children of our stricken city.

"Respectfully,

"(Signed) M. E. KLEBERG,
President, Board of Trustees Galveston Public Schools.

"(Signed) JOHN W. HOPKINS,
Superintendent, Public Schools."

By Mr. PERLET, seconded by Mr. BOTTGER:

Resolved, That this School Board consents to the pupils of the public schools in this Borough contributing money to aid in restoring and repairing public schools in Galveston, wrecked or destroyed by the storm of September 8th, 1900, and that the manner of collecting such contributions be referred to the President of the School Board in conjunction with the Borough Superintendent of Schools.

Adopted.

BOARD OF EDUCATION,
Park Avenue and Fifty-ninth Street,
NEW YORK, *November 3, 1900.* }

HON. WILLIAM J. COLE,

*President, School Board for the
Borough of Richmond :*

DEAR SIR : Enclosed you will find a copy of a communication received from the Municipal Civil Service Commission. You will realize the necessity of taking immediate action in regard to this

matter so as to put the law in force, as I see no alternative except strict compliance therewith.

Very truly yours,

MILES M. O'BRIEN,
President, Board of Education.

MUNICIPAL CIVIL SERVICE COMMISSION }
OF THE CITY OF NEW YORK, }
NEW YORK, *October 25, 1900.* }

HON. MILES M. O'BRIEN,

President, Department of Education.

DEAR SIR: I am directed by the Municipal Civil Service Commission to address you in reference to the practice in your department of compensating the janitors of Public Schools according to the size of the school premises, and of allowing the janitors to hire and pay their cleaners and other assistants.

The Commission directs me to call your attention to Section 17 of Chap. 370 of the Laws of 1899, known as the White Civil Service Law, which provides for the classification of laborers in the service of the city, and for the filling of vacancies in the labor class by appointment from lists of applicants registered by the Municipal Civil Service Commission, and also to the Civil Service rules governing such employment, beginning with Rule 61. Your attention is also called to the classification of positions in the Department of Education appended to Civil Service rules, which classification includes Schedule G, laborers, and refers to Appendix 1, which embraces a list of places in the labor service.

In view of the requirements of the statute, rules and classification above referred to, I am directed to say that it is the opinion of the Municipal Commission that all persons employed in the public schools as cleaners, or in other subordinate places, should be appointed from the eligible lists in the Labor Bureau of said Commission, and paid by the city in the same manner as required of all other departments of the city government.

It is therefore requested that your department will take this matter into immediate consideration, in order that the present system of employment in your labor service may be so changed as to conform to the requirements of the law.

Yours respectfully,

LEE PHILLIPS,
Secretary.

3. From Secretary, Board of Education:

(a) Enclosing copy of communication from Corporation Counsel, relative to transfer of certain property to the Board of Education (P. S. 28); ordered printed in the minutes and placed on file.

BOARD OF EDUCATION,
Park Avenue and Fifty-ninth Street, }
NEW YORK, *November 14, 1900.*

WM. J. COLE, Esq.,

President, School Board for the Borough of Richmond.

DEAR SIR: I beg to advise you that the Committee on Sites, at a meeting held on November 12, 1900, instructed me to transmit to your Board the enclosed copy of a communication received from the Corporation Counsel relative to the offer of Miss Jane E. La Tourette to transfer certain property to the Board of Education.

Respectfully,

A. EMERSON PALMER,
Secretary, Board of Education.

LAW DEPARTMENT,
OFFICE OF THE CORPORATION COUNSEL, }
NEW YORK, *October 18, 1900.*

HON. MILES M. O'BRIEN,

President, Board of Education.

DEAR SIR: I have your communication of the 22d of June, 1900, together with a certified copy of report and resolution adopted by the Board of Education on the 13th of June, 1900, requesting me to prepare all necessary papers for conveying to The City of New York the school premises at Richmond, late District No. 1, Northfield and Southfield, now known as Public School No. 28, Borough of Richmond; and also copy of a communication from Thomas F. Clark to the Secretary of the School Board for the Borough of Richmond, dated March 9, 1899, and a copy of a communication from Thomas F. Clark to the Committee on School Houses of the School Board for the Borough of Richmond, dated March 22, 1899, both referring to said property of Public School No. 28 in the Borough of Richmond.

I herewith send you a copy of the resolution of the Board of Education above referred to.

Upon investigation of this matter it transpires that Miss Jane E. La Tourette has not any title to the school property referred to, and a deed from her of it would not convey any title thereto nor any interest therein.

It appears from the records in the County Clerk's office at Richmond that the premises in question were deeded to one John J. Crocheron by Moses Jaques and wife by a deed dated September 27, 1827, and recorded in Liber P, pages 196 to 199. John J. Crocheron by a deed dated November 19, 1855, and recorded in the office of the Clerk of the County of Richmond in Liber 37, page 416, conveyed to Anne La Tourette certain premises, excepting, however, from such conveyance, this school property and also certain churchyard or burial ground property.

Stephen D. Stephens, as Referee in a partition suit partitioning the property of Anne La Tourette by a deed dated October 9, 1895, and recorded in Liber 244, page 369, conveys to Jane E. La Tourette a large tract of land, but specifically excepts from said conveyance this school property.

It thus appears that, so far as this school property is concerned, the title to it was never conveyed to Miss Jane E. La Tourette, and therefore she is not in a position to give any title to it.

In a conversation which my assistant, Mr. Albert Bach, had with Mr. Thomas F. Clark, above named, on the 13th day of October, 1900, at my office, Mr. Clark stated to my said assistant that he, Mr. Clark, knew very well that Miss Jane E. La Tourette had absolutely no title to this land and that she could not convey any thereto.

Under the circumstances, I respectfully advise you that any papers that I might draw for the purpose of having the same executed by Miss Jane E. La Tourette would in no way convey any title to the property in question and the drawing of the same would be useless.

Yours respectfully,

JOHN WHALEN,

Corporation Counsel.

(c) \$250, Corporate Stock, for the payment of bill of costs in the matter of acquiring title to school site on Osgood avenue, near Richmond road.

4. From Superintendent of School Buildings relative to proposed amendment to the Charter, whereby Janitor's salaries shall be based upon a schedule uniform throughout the Greater New York; ordered printed in the minutes and referred to the Committee on School Houses and Sites.

DEPARTMENT OF, EDUCATION, CITY OF NEW YORK,
BUILDING BUREAU,
NEW YORK, *November 2, 1900.* }

HON. WILLIAM J. COLE,
President, School Board,
Borough of Richmond.

DEAR SIR: Some time since I was requested by the Chairman of the Sub-Committee on Education of the Charter Revision

Commission to give him my opinion upon the proposed amendment of the Charter whereby Janitor's salaries shall be based upon a schedule uniform throughout the Greater City, the basis of which is a schedule or method by which Janitors' salaries are computed at the present time in the Boroughs of Manhattan and The Bronx, in which is taken into consideration the number of square feet of floor surface, yard surface and character and amount of heating apparatus.

It appears that the Janitors' Association for the Greater City has employed counsel, who has taken up the matter and prepared an argument in support of the proposed amendment.

I reported the matter at the time to the Hon. Miles M. O'Brien, President of the Board of Education, and a day or two since—the proposed amendment having been studied and revised—I wrote him that while I recognized the power of the Charter Revision Commission to obtain any information it desired, yet I disliked exceedingly to give my official approval to any such measure without its first having been submitted or passed upon by the various School Boards which have to do with the appointment and control of janitors.

Mr. O'Brien has therefore suggested that I lay the matter before your Board, or Committee thereof, for such action as you may see fit.

You will please advise me at your earliest convenience.

Respectfully,

C. B. J. SNYDER,

Superintendent of School Buildings.

Mr. BOTTGER presented the following:

To the School Board:

The Committee on School Houses and Sites respectfully reports that title to certain property on Osgood avenue, Stapleton, heretofore chosen and determined by this School Board as a site for public school purposes, was vested in the City of New York on August 8th last. (Journal, Board of Education, p. 1660.)

The Committee is of opinion that, in order to relieve Public School 14, which will, in the near future, be inadequate to accommodate the rapidly growing school population in its immediate neighborhood, proceedings should at once be inaugurated to erect an eight class-room school on the site in question.

The following resolution is submitted for adoption:

Resolved, That the Board of Education of the City of New York be, and hereby is, respectfully requested to erect an eight class-room school building on the site of Osgood avenue, Stapleton, title to which was vested in the City of New York on August 8th last.

Mr. BOTTGER presented the following :

To the School Board :

The Committee on School Houses and Sites respectfully reports that it has considered the following communication referred to it by the President :

MUNICIPAL CIVIL SERVICE COMMISSION, }
OF THE CITY OF NEW YORK, }
NEW YORK, November 7, 1900. }

FRANKLIN C. VIRT, Esq.,

*Secretary, Board of Education,
Borough of Richmond.*

DEAR SIR: At a meeting of the Municipal Civil Service Commission held November 2, the following resolution was adopted :

“ *Resolved*, That this Commission cannot authorize an increase of salary of Lawrence Dwyer beyond the grade of \$900 without an examination for promotion, in which the other Janitors whose salaries were reduced at the same time shall be allowed to compete.”

Yours respectfully,

J. H. MCCOEY,
Assistant Secretary.

In connection therewith the Committee respectfully calls attention to the following correspondence in relation to the matter, which explains itself :

October 9, 1900.

Hon. LEE PHILLIPS,

*Secretary Municipal Civil Service Commission,
Centre and Elm Streets, New York City, N. Y.*

DEAR SIR: On September 10th last I notified you that this Board had fixed the salary of Lawrence Dwyer, janitor of Public School 14, at the rate of \$1,200 for the months of September, October, November and December, 1900. At this rate his salary was entered upon the September pay-roll, but was passed through your office at the rate of \$900 per annum, with the note that he could only be compensated at that rate.

I beg to submit the following statement of facts to the Commission in regard to the matter.

Mr. Dwyer came into the service of the City upon consolidation, as janitor of former Union Free School, District No. 2, Middletown and Southfield (now Public School 14), his salary at that time being \$1,000 per annum; at that rate his salary continued down to January 1, 1900, when it was reduced to \$900 per annum, for the reason set forth in the Minutes of this Board of December 29, 1899, a copy of which was forwarded to you in my letter of July 30th last regarding the case of Miss Dowd, which is somewhat similar to this, to which document and letter reference is respectfully made.

It would therefore seem that, in reducing Mr. Dwyer's salary from \$1,000 to \$900, he was removed from the third to the second grade of group 4, rule 37, of the Municipal Civil Service Rules, the maximum compensation in the latter grade being \$900 per annum. It was not the intention of this Board by its action in reducing his salary to \$900 to deprive Mr. Dwyer of any right he possessed to a restoration or an increase in salary by reason of his original status in the third grade of group 4, and it is respectfully submitted that this unintentional removal from the one to the other grade should not operate against him, when this Board finds itself in position to restore or increase his salary to the maximum amount allowed by his original grade.

Requesting the favorable consideration of the Commission upon the matter, I am,

Respectfully,

FRANKLIN C. VITT,

*Secretary, School Board,
Borough of Richmond.*

MUNICIPAL CIVIL SERVICE COMMISSION
OF THE CITY OF NEW YORK,
NEW YORK, *October 29, 1900.* }

FRANKLIN C. VITT, Esq.,

Secretary School Board, Borough of Richmond.

DEAR SIR: I beg to refer to your communication of October 9th in reference to the restoration of salary of Lawrence Dwyer, Janitor of Public School No. 14, to the grade previously held by him, and to say that I have been instructed by the Civil Service Commission to ascertain whether other Janitors in your borough, in the same grade of compensation with Mr. Dwyer, are similarly situated with regard to their former salaries.

I find in your Minutes of a meeting held December 29, 1899, the salaries of John Lynch, Janitor, at \$800; Richard Sisk, \$900, and Bernard Lane, \$900, in addition to Lawrence Dwyer. Kindly advise me whether such Janitors were also reduced from the higher grade, or whether there are any others whose names do not appear in that list who are in the same attitude as Dwyer. I should like to report upon this matter to the Commission at a meeting which will probably be held on Thursday of this week.

Yours respectfully,

LEE PHILLIPS,

Secretary.

October 30, 1900.

HON. LEE PHILLIPS,

*Secretary Municipal Civil Service Commission,
346 Broadway,
New York City, N. Y.*

DEAR SIR: Replying to yours of the 29th instant, relative to reduction in grade of compensation of certain Janitors in public schools of this borough, I beg to say that, in addition to Lawrence Dwyer, Janitor of Public School 14, the following named Janitors were reduced in grade on account of reduction of salaries necessitated by lack of funds caused by apportionment of the General School Fund for 1900, under Section 1065, the said reduction being ordered by this School Board on December 29, 1899, to take effect January 1, 1900:

Cornelius J. Rogers, reduced from \$1,000 to \$900 per annum.

Bernard Lane, reduced from \$1,000 to \$900 per annum.

William R. Dixon, reduced from \$700 to \$600 per annum.

Respectfully,

FRANKLIN C. VITT,
Secretary, School Board, Borough of Richmond.

Your Committee respectfully reports that it is of the opinion that this Board acted within the scope of its authority in advancing the salary in question to the maximum amount allowed under the Civil Service Rules for the original grade of Mr. Dwyer before his salary was reduced to \$900.

Further action by this Board would seem to be useless, and Mr. Dwyer must seek such remedy in the premises as he may be advised.

All of which is respectfully submitted.

E. BOTTGER,	} <i>Committee on</i>
THOMAS J. FLANNIGAN,	
THOMAS VAUGHAN,	
	<i>School Houses</i>
	<i>and Sites.</i>

By Mr. FLANNIGAN, seconded by Mr. VAUGHAN:

Resolved, That the report of the Committee on School Houses and Sites be adopted.

Adopted.

Mr. BOTTGER presented the following:

To the School Board:

The Committee on School Houses and Sites respectfully reports:

That, by reason of alterations and additions to the heating plant in Public School 18, it became necessary to immediately furnish the janitor of that school with more help, and on November 23, Joseph Hoza, janitor of Public School 10, was temporarily transferred to Public School 18, as additional janitor, with an increase of his salary from \$240 to \$600 per annum while employed at that school; your Committee also has temporarily assigned William Mullin, janitor of Public School 9,

in addition to his duties as such, to care for Public School 10, taking effect on November 23, 1900, he to receive the salary of the position, to wit, \$240 per annum, during the period which he may be so in charge.

The following resolution is offered for adoption :

Resolved, That the action of the Committee on School Houses and Sites in temporarily transferring Joseph Hoza, janitor of Public School 10, to Public School 18 as additional janitor, with compensation at the rate of \$600 per annum while employed in said school, and also in temporarily assigning William Mullin, janitor of Public School 9, in addition to his duties as such, to care for Public School 10, said janitor to receive the salary of the position, to wit, \$240 per annum, while so in charge of Public School 10, be, and the same is, hereby approved, said temporary transfer and assignment to take effect on November 23, 1900.

REPORTS OF SPECIAL COMMITTEES.

The PRESIDENT presented the following :

To the School Board :

The President, to whom was referred, in conjunction with the Borough Superintendent of Schools, the manner of collecting contributions from the public school children of the City of New York to aid in repairing and restoring public schools of Galveston, Texas, wrecked or destroyed by the storm of September 8, 1900, in response to a communication from the Hon. Miles M. O'Brien, President of the Board of Education, enclosing copy of an appeal made by the public school authorities of Galveston (Minutes, pp. 289-291), respectfully reports :

That on November 13 a meeting of the Principals and Teachers in charge of schools was held at the office of the School Board, and the manner of collecting such contributions was carefully considered.
